2007-2010

School of Bekeeping Nasavrky. Diplome of Beekeeper.

2009- until now - work on my own.

2018 - Diplome of Cosmetology

I have discovered new lactobacilli in honeybee digestive tract.

I am the first person that proved the inhibitory effect of some lactobacilli on AFB.

I developed my own brand of natural cosmetics based on bee products.

I produce probiotics for bees for Czech and Slovak beekeepers.

I speak French and English too.
